

Guided Reflections for Recommitment

As your sophomore year draws to a close, it is important to do a “midpoint” assessment of your experiences as a Bonner Scholar. Please take some time to reflect on the questions posed below before responding. Please feel free to attach additional pages as needed. When you have completed this exercise, please submit your work to the Bonner Scholars Director. This will serve as the basis for your recommitment conversation.

Looking back:

- What brought you to the Bonner Scholars’ program?
- What have you learned about yourself as a result of your participation in the Bonner Scholars program?
- How have your experiences as a Bonner Scholar moved you closer to your personal goals?

Looking forward:

- How will you continue to grow as a result of your involvement with the Bonner Scholars program?
- How will others benefit from your continued involvement with the Bonner Scholars program?
- What does mentoring mean to you? What type of support do you need to be an effective mentor to your peers in the program?
- What specific skills and experiences do you wish to develop over the course of the next two years? How can we work together to make that happen?
