

# **Mars Hill College**

## **Senior Capstone Program**

We spend most of the year meeting weekly and focusing sessions around:

- Common Fire Curriculum
- MBTI/Career Choices
- Creating a Personal Mission Statement
- Finding a Mentor
- Good Work
- Resume Creation
- GRE Information/Grad School Prep
- Job Searches
- Networking
- Thank You Notes to Mentors and the Foundation

Our Senior Capstone program occurs two nights before graduation. We have a nice meal and each student is allowed to invite family and a community partner to be their guests. Students do presentations that revolve around the questions:

- Where have you done your placements?
- What's been your most meaningful experience?
- How have you grown?
- Where are you going next?

Students are also asked to present visual displays including tri-fold boards, power points, and "souvenirs" from their placements.
