

GRADUATE SCHOOL OPPORTUNITIES

For Bonner Students, Alumni, & Staff

"Access to Education, Opportunity to Serve"

Every year, about 3,000 students participate in Bonner Programs adding to our 18,000 alumni nationwide. According to the 2015 Bonner Alumni Survey, over half of Bonner alumni pursue graduate education and over eighty percent remain civically engaged after graduating.

Our partnerships with graduate schools are mutually beneficial and further the missions of both the schools and the Bonner Foundation. Our graduate schools receive a talented pool of predominantly low-income, first-generation students who are civically-minded, high-achieving and contribute significantly to their campuses' and communities' culture of service and higher learning.

In return, the partnerships provide some form of financial assistance, such as application fee waivers, tuition discounts, partial- or full-tuition scholarships, and/or stipends to alleviate the economic barriers to pursuing a graduate degree for Bonner students, alumni, and in some cases Bonner staff.

This booklet is a compilation of an impressive consortium of the Bonner Foundation's partnerships with graduate schools and organizations that span a diverse array of academic disciplines and professional studies. Each opportunity is categorized by issue area and includes a brief description of the program and the benefits.

We encourage you to check out these amazing opportunities. New Bonner graduate school partnerships are added every so often. For most recent information on Bonner graduate school partnerships, please visit <http://www.bonner.org/graduate-school-partnerships>.
